
ART NOW STUDIO

207 POND STREET
GEORGETOWN, MA 01833
(978) 352-4067
ARTNOWSTUDIO@HOTMAIL.COM

Private art lessons for adults and teens in drawing, painting, and printmaking with artist and certified teacher **Nicole K. O. Walsh**.

All courses encourage creative growth and self-expression, develop skills in observation and media technique, and make meaningful connections to art history. Students learn hands-on by working from observation, references, and imagination.

DRAWING

Draw on your senses and express yourself. Explore a variety of media, learn to draw from observation and your own invention, experiment with the elements of design, and compose drawings as you develop your own thematic content.

PAINTING

From easel to mural formats. Create with color as you learn color theory and methods of painting from your fingers to fresco.

PRINTMAKING

Make many identical prints or experiment with variations of one image. Techniques like collograph, lino/woodcut, silkscreen, stamps, and sunprints are hand-printed on paper or fabric.

PORTFOLIO

A portfolio enhancement course for students who will be applying to a college art program. Challenging studio assignments develop drawing skills and explore thematic content in a variety of media. Slide documentation assistance is provided.

SUPPLIES

Supply purchases are the responsibility of the student. Art material lists and information about suppliers are provided for each course with some supplies available for purchase from ART NOW Studio.

Lessons are priced by the hour. Payment is due at the lesson or in advance for a series of lessons.
