Global Tax Solutions That Work

What's new and what's returning?

At TAXWARE 2000, we will introduce many new products using today's newest software technology. From the TELECOMMUNICATIONS Tax System to the Utilities Tax System, which includes Natural Gas and Electricity, TAXWARE is poised to offer the global tax solutions the industry needs. With tracks focusing on sales and use taxes, international taxation and property tax, to industry specific tracks on Motor fuel, leasing and utilities, TAXWARE 2000 contains a broad range of topics to meet your needs and goals. We have also brought back the popular vendor specific tracks for SAP and Oracle. One of the highlights of past conferences has always been case studies, so TAXWARE 2000 contains even more in a broader range of topics.

Global Tax Solutions That Work

Since the beginning, the TAXWARE User Group Conference has been an industry leader in bringing top tax professionals together with the technology that is so vital to their continued success. This year is no exception.

TAXWARE has emerged as the leading tax technology provider in the world of eCommerce. Today and in the future eCommerce will be the way to do business and TAXWARE is ready with the required global tax solutions for all types of business from the largest corporations to small entrepreneurial businesses operating on the Internet.

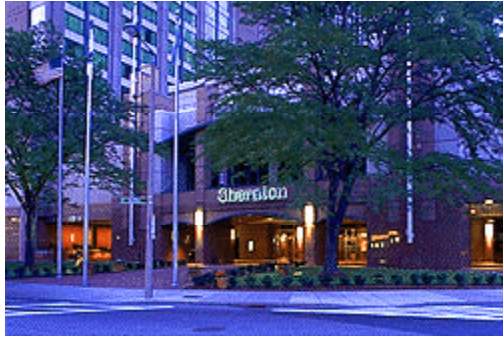

TAXWARE is responding to this need through the creation of a new tax software concept – the Transaction Tax Server (TTS). This new remote Transaction Tax Server will be accessible through the web for on-line real-time tax calculation.

Please join us in Boston for what will be the most enlightening tax conference you attend this year! We hope to see you there.

Best Regards,

Daniel L. Sullivan
CEO and Founder
TAXWARE International, Inc.

TAXWARE 2000 will be held at New England's largest hotel, the 1181-room newly renovated Sheraton Boston Hotel. Just

three miles from Logan International Airport, the hotel is minutes away from shopping, theater, restaurants and cultural attractions. As the country's eighth largest city, Boston boasts a wealth of historic landmarks in a dynamic cultural setting. The Freedom Trail, Old North Church, Paul Revere's House, and Faneuil Hall Marketplace are just a few of the symbols of this city's rich and varied history. Centrally located in Back Bay, the Sheraton Boston Hotel is just a few steps from Prudential Center shopping, the unique galleries and boutiques of Newbury Street and the elegant shops in Copley Place. Symphony Hall, the Theater District, the Museum of Fine Arts, Fenway Park and Beacon Hill are just some of the rich cultural attractions Boston has to offer. You'll find Boston is one of the most fascinating and historic metropolitan areas you'll ever visit!
